

wasted

coffee table | bench

Don't let the name fool you, the discarded industrial materials that make up this series of tables are far from wasted. Various wood scraps, off-cuts and excess supply from local shops are collected and patterned into tabletops and stands. The intricate patchwork patterns created from a variety of wood tones and textures beg to be inspected at close range. Each piece is one-of-a-kind and dictated by the availability of material.

dimensions:

material: *materials may vary
Europly, Marine ply, exotic
and domestic hardwoods,
steel base, powdercoat,
water-based polyurethane
